

# SEU MUG

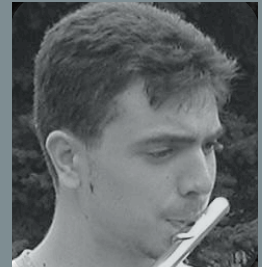

Welcome to our online edition of SEU MUG. Through this newsletter you are able to receive subscriber-only material such as special notes from the Users Group leaders, Podcasts, and detailed step-by-step instructions with pictures of demos given during meetings. If you have any questions, comments, concerns or suggestions please send all e-mail to [seumug@gmail.com](mailto:seumug@gmail.com).

This week was our first annual meeting. We were greeted by Rachel Searfoss our Vice-President. We discussed the question "Why Apple?" and briefly read a testimonial by JJ from Ohio. We also saw a review by Mike Wendland from the Detroit Free Press. For more testimonials and such, visit: <http://apple.com/switch>.

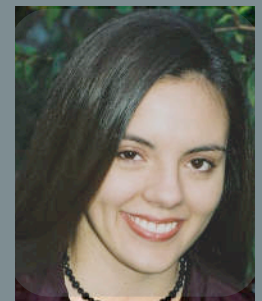

Further in the meeting we also discussed about Apple's decision to go with Intel processors. Chris gave us a demo of Front Row and Photobooth hoping to put it in our hands in the next couple of weeks making sure that everyone can enjoy the usefulness of them both.

Another topic item was the price comparison of a Dell to an Apple Mac mini. We discovered that a comparable PC will always cost more than an Apple computer.

President  
Chris Hinojosa

Vice-President  
Rachel Searfoss

		
OS	Mac OS X	XP Pro
RAM	512	512
USB & FW	Yes	No
Combo Drive	Yes	Yes
Hard Drive	80 GB	80 GB
Media Suite	Yes	No
Office Suite	Yes	Yes
Total	\$524	\$1,042

With the help of a couple of videos, we found out that there are at least 75 Mac users here on campus! Invite all of your Mac and Windows friends to the Users Group to learn how to use technology in a practical application for their specific ministry.

Send us a picture of you and you could be the next poster boy or girl for SEU MUG! Any photo will do, as long as the camera has you as the focused subject. This could be you!

If ever you have a question about your Mac or PC, or anything technology related, feel free to send us an email at: [seumug@gmail.com](mailto:seumug@gmail.com).
